World Book Day –
letter with
information

Eaglet News

Early Years have been busy in their maths learning this week and it's been great to see so many of our pupils applying their knowledge and challenging themselves throughout their free flow.

In Nursery, the children have been further exploring numbers to five. They have been matching a quantity to a number with different manipulatives, learning how to share objects into equal groups and solving simple mathematical problems with numbers to five.

In Reception they have been learning to count in 2s and 10s. They have been applying their knowledge to tell mathematical stories and count larger quantities with confidence, whilst recognising the patterns within number.

Messages

Hair Styles

Please can we remind you that if your child's hair is long enough to tie back, it should be. This is to ensure the child is ready for learning with a practical hair style.

Arriving to School

Our school day starts at 8.55am and so please ensure you arrive into the playground between 8:45 – 8:55am. We have several children arriving late, having to enter the office in the mornings. This can be really disruptive to your child's school day and wellbeing as our morning routines have already begun.

Congratulations to our Stars of the Week

Nursery – Liberty

RE – Nina

RM – Emily

Reception

This week

This week we learnt about plants. We explored what a plant needs to grow, completing a science experiment to see if our predictions are correct, and learnt the purpose of each part of the plant.

Next Week

Personal, Social and Emotional Development

We will be focusing our learning this week on the Zones of Regulation. We will explore what it feels like to be in each zone (red, yellow, green and blue), and develop our own tool kits to regulate our emotions.

Communication, Language and English

On World Book Day, we will be sharing the vocabulary word we have dressed up as and create a class word bank to use within our learning. We will be completing a draw along activity from a story book and creating a piece of art for our school library. In Phonics we will be reviewing all taught sounds and HRSW.

Physical Development

We will be understanding the importance of moving our bodies as a tool to regulate our emotions.

Mathematics

We will be learning how to use our knowledge of counting in 2s, 5s and 10s to create equal groups and solve simple mathematical problems.

Religious Education

We will be exploring the story of Jesus in the Garden.

Nursery

This Week

This week in Nursery, we have been learning how to name the different parts of a plant and planted our own seeds to see what happens.

Next Week

Personal, Social and Emotional Development

This week we are focusing on self – regulation as the children work to identify how they feel throughout the day using colours from the Zones of Regulation. We will be giving them a toolkit to help get them on green and ready to learn if they need help.

Communication, Language and English

We will be reading books focused on the Earth, continuing to think about how things grow and how this can help the Earth. In phonics we will learn the sounds u and r.

Physical Development

We will be learning physical activities that they can place in their toolkit for when they are feeling blue and want to go back to green.

Mathematics

We will explore length focusing on the vocabulary long, short and compare.

Expressive Art and Design

We will be using a range of materials to make models of the Earth.

JUST GIVING FUNDRAISING

As you have seen in the news, a series of devastating earthquakes on Feb 6th obliterated 10 cities in South Eastern Turkey and caused damage in the Aleppo region in Syria

For monetary aid, we have chosen to support donations through *Turkey Mozaik Foundation* which is a UK-registered charity that gives grants to grassroots organisations in Turkey.

Mrs Celikcan works for this organization and trusts its transparency and accountability. The organisation is currently working closely with local partners on the ground in Turkey, and grants from the Fund will be distributed to carefully selected organisations in multiple cycles targeting first emergency short-term needs and subsequently medium and longer-term needs for maximum impact.

You can make donations through:
