'Ready for School' Workshop – 9.15 – Please enter via school office.

Eaglet News

We have enjoyed another great week in Early Years. The cold weather has not deterred our intrepid Eaglets from enjoying some fantastic outdoor learning. On Monday, the children rose to the challenge to see if they could 'empty' a large puddle by transferring the water to a drain. They were determined to see it through to the end and this resulted in some very resourceful problem-solving and lots of learning about capacity and measure.

Reception have been deeply engaged in making their cardboard box creations. They worked in teams to discuss, share ideas, and sometimes compromise! We were very proud of their incredible creations. Ask your child all about it.

Nursery had great fun mixing colours with Miss Walker this week. They observed what happens when you add a small amount of white or black to colour. They were introduced to the beebots, which encourage lots of lovely positional language, and had great fun making their own beebot out in the playground.

We are excited to soon begin our Stay and Play sessions – keep your eyes out for more information in next week's newsletter!

Reminders

This half-term's Eaglet fund of £3 is now due. If you have not already done so, please send this in to your class teacher.

There has been an increase in toys being brought in from home. This has caused considerable distress when toys have become lost or broken.

Please remind your children that toys from home are not permitted in school. A letter will be going out next week to inform you of your child's turn for Show and Tell.

Please remember that adults are not permitted inside the building during morning drop off. Please say your goodbyes at the blue door.

Stars of the week

Nursery – Gracie-Rae

Reception 1 – River

Reception 2 - Olivia

Nursery

Our learning

This week in pictures

Next week

Personal, Social and Emotional Development

We will be thinking about what it means to be 'happy'.

Physical Development

In PE we will continue to explore different ways of moving, such as jumping, skipping, slithering and rolling.

Phonics

We will be playing games to help develop our awareness of environmental sounds.

Communication, Language and Literacy

We will be making a class book in response to *What the Ladybird Heard*.

Mathematics

We will be ordering objects by size.

Understanding the World

We will be finding out more about different animals and their young.

Expressive Arts and Design

We will be exploring metallic colours.

Reception

Our learning

This week in pictures

Ollie, Harvey and Darios made a car complete with steering wheel.

Next week

Personal, Social and Emotional Development

We will be learning about how to use a 'mood meter' as part of our RULER whole-school approach to managing feelings.

Physical Development

We will be playing games to help us develop our skills in negotiating space and adjusting speed and direction.

Communication, Language and Literacy

We will be writing captions to describe the photos we took in the previous week.

Mathematics

We will be exploring numbers within 15, including one more and one fewer.

Understanding the World

We will be learning about how Chinese New Year is celebrated.

Expressive Arts and Design

We will be looking at a range of Chinese art and making Chinese dragon puppets.
